**Watershed:** Johnson was approached with a potential Watershed EGLE Grant to present to the Board Members. This potential grant would pay for an intern to perform work for the Watershed during the year. The Watershed inquired if the Township could hire this person and the Watershed reimburse the Township for the payroll expenses. Many questions and discussion was held regarding this. Johnson will contact the Watershed representative and report back to the Township Board.

**Properties:** Several interested parties have approached the Township to purchase Township owned property. The Board Members have been working on a solution on listing all of the Township owned land, value, and process/procedure to sell the land in a fair and appropriate manner. Currently, there is a piece of land that has more than 1 interested party in. When the Township is ready to dispose of the land, it will become available on the website. It is a work in progress.

**Pierport Split:** A letter was received from Joe Misko regarding the residence at 12419 Lakeview Rd, Bear Lake. Mr. Misko would like to have a land split and convert the garage to a living space. **Motion** by Johnson, Second by Blackmore to enforce the ordinance requirements regarding land splits, based on the recommendation given by Attorney Tom Grier, and have the modifications done prior to any split so that it will meet the lawful criteria.
